

Attorneys

We selectively hire exceptional law students and attorneys who we believe have the ability to be part of the future of Eimer Stahl. Having begun our own firm in 2000, we have an entrepreneurial culture that is professionally rewarding and personally fulfilling. We give law students and junior lawyers immediate access to substantive work, and associates receive responsibility and visibility early in their careers. We encourage and support *pro bono* work in the many areas in which our lawyers are interested. Our clients are world-class, and our compensation of associates is at the top of the market.

If you are interested in applying for a summer-associate or associate position, please send a resume, writing sample, and transcript to Susan Razzano (srazzano@eimerstahl.com).
